

Robert (Bob) Wilson, passed away February 16th at his family home near St. Anthony, Idaho. He had been serving as the Extension Educator in White Pine County for the past fourteen years. Bob was passionate about ensuring the protection of our natural resources and spearheaded the formation of a “Tri-County” weed project comprised of White Pine, Lincoln, and Nye Counties. He worked with other natural resources professionals throughout the state to make weed management a priority and served on numerous committees to further these efforts, such as the Society of Range Management Invasive Species Committee. Bob was currently serving as the president of the Nevada Chapter of the Society for Range Management. He will be missed by his family, friends and colleagues at UNCE.
